Highlights

Unique brewing system

Unique SENSEO® coffee brewing system from Philips and Douwe Egberts. Every cup is freshly brewed and prepared with the ultimate balance between coffee and water - a guarantee for a smooth, full taste and delicious aroma.

Large coffee pod variety

With more than 250 years of experience, Douwe Egberts knows exactly how to roast and grind carefully selected coffee beans for the best taste. Therefore Douwe Egberts SENSEO® coffee pod varieties represent the finest coffee selection as a guarantee for premium taste. The different blends and flavors ensure a wide range of choice for different moments and tastes.

Delicious coffee foam layer

The fine Douwe Egberts SENSEO® coffee selection and the unique SENSEO® brewing system make sure that your perfect cup of coffee always comes with a rich and delicious coffee foam layer - proof of premium taste and quality.

Designed by Studio Tord Boontje

The work from Studio Tord Boontje can be described as a delicate marriage of design with emotion. The designs are often inspired by nature to engage and entice the observer's emotions and imagination.

Adjustable spout

By raising or lowering the adjustable spout, you can accomodate your SENSEO® coffee machine to your favourite cup or mug.

Extra-large water reservoir

The removable extra-large water reservoir has the capacity to accomodate 8 cups of coffee and therefore minimizes coffee preparation time.
